PERRY & CAMP

Saturday Special!

Sanitary New Feather Pillows

Guaranteed to contain nothing except clean, sanitary new feathers.

Here we are again with another big new feather pillow, special for Saturday, \$1.25 a pair pillows at 43c each.

The last sale we had on this same pillow, we sold 50 pairs before the day was over and some were disappointed when they came and found the pillows all sold.

For this sale we have 100 pairs, 200 pillows, size 17x25, fancy art ticking and a regular 1.25 a pair pillow, at

43c each — for Saturday only

You would not buy second-hand clothing: Aside from its having been used, from the chance of infection, it's a bad bargain—its best wear is gone. Second-hand feathers are as poor a bargain. They soon lose the resiliency that gives sleeping comfort.

All these pillows contain nothing but absolutely new feathers. They will hold their resilient comfort-giving qualities against years of the hardest wear.

Special for Saturday—Pillows at 43c each

Any second-hand clothing, like oil linen, sweaters, sheets, towels and handkerchiefs will be very acceptable.

The city school will close to-morrow for the annual Easter vacation. Students in the grades will have a recess of two weeks, sessions being resumed for them on the morning of April 12, while the high school will be closed only a week, or until April 5. Allowance for the longer vacation in the grades is made by reason of the fact that the graded schools were opened on scheduled time last fall, whereas the high school sessions were not resumed until a week later, the delay being due to repairs which were in progress in connection with the erection of the new Spaulding annex. Most of the teachers plan to spend the vacation at their respective homes.

Announcement was made to-day of the purchase by Mark F. Cutler of 23 Jefferson street of one-half interest in the garage and automobile business of his father, H. F. Cutler. The change becomes effective at once and hereafter the business will be conducted under the name of H. F. Cutler & Son. The younger Mr. Cutler will divide his time between the sales department and the garage on North Main street, although he intends to devote a major part of his attention to demonstration. The company is to handle the Overland, Maxwell and Jeffries cars this season and orders for a number of automobiles have already been received. The partnership includes the sales department as well as the repair business. Since his graduation from Spaulding high school, in the spring of 1910, Mr. Cutler has been in his father's employ and has gained a thorough first-hand knowledge of the automobile business.

A concert of much merit and enjoyed by a good-sized audience was given at the Congregational church last evening by the choir, assisted by Miss Margarette Albertson, teacher of elocution at Montpelier seminary. Miss Gladys (ale rendered two pipe organ selections, "Concert Overture" (Hollins) and "Meditation from Thais" (Massenet), and the church quartet, composed of Mrs. Gladys Bradley, Miss Glee Wood, Arthur Riggs and Fred Inglis, sang "In April Time" (Pinault), "The Rosary" (Nevin), and "Greeting to Spring" (Strauss).

There were solo selections by Miss Wood in "My Lullaby," by Mr. Bigelow in "The North Wind" (W. R. Spence), by Mrs. Bradley in "Joy of Morning" (Harriet Ware), and Mr. Inglis in "Oahu as the Night" (Bohm), with a duet, "With the Stream" (Tourne), by Mrs. Bradley and Miss Wood. Miss Albertson, who was well known to Barre audiences through previous appearances in this city, was as charming as ever in her readings last night, which included "Madame Butterfly," "The Little Red Hat," "Who's Afraid?" and "The Quarell."

Each number was deserved applause and the program came to an end at ten o'clock.

One of Barre's substantial business stands will be reopened to the public Saturday when the United Fruit Store in the Durkee block, which was established by George Maniaty nearly 12 years ago, will be ready for patrons after having been closed for the past two months while extensive repairs and alterations were in progress. An attractive street front, with two display windows enclosed in French beveled plate glass windows with ample room for showing goods, was the first conspicuous change to be made. The floor level has been lifted to the level of the street and at the right of the main entrance a new soda fountain of handsome design has been installed. The fountain has back case of mahogany with large mirrors, while the counter is of marble with ornate trimmings. It is 18 feet long and is one of the best fountains made by the American Soda Fountain Co. With the alterations practically completed, Mr. Maniaty now has approximately 900 square feet of floor space. The rear of the store has been converted into an ice cream parlor, while show cases finished in harmony with other fixtures are reserved for confectionery and fruit. Later the proprietor plans to operate a candy kitchen in connection with his fruit and ice cream business, but for the present he will confine his stock to high grade confectionery.

A well-planned lighting system adds materially to the attractiveness of the place and at night the store will be one of the best lighted establishments in Barre. Mr. Maniaty extends to the public a cordial invitation to be present at the opening Saturday.

Notice:
A regular meeting of the Central Lake Union of Barre and vicinity will be held in carpenter's hall Friday, March 26, at 7:30 p. m. R. L. Gault.

On and after March 27, I will discount giving Eastern State trade marks, but will give 5 per cent. discount on all strictly cash sales.

A number of terpsichorean devotees from this city went to South Barre last evening to attend the annual old and young folks' dance, which was held in the village hall under the auspices of South Barre grange. From first to last the affair was a moving success and nearly 30 couples who attended will attest to the simon-pure brand of hospitality shown by the grangers. The Barre opera house orchestra furnished music, and one of the most enjoyable features was a chicken-pie supper, which the scene of the grange was in the early evening. Many who were unable to remain for the dancing patronized the supper, which was tastefully prepared and served by a corps of waiters.

Spring is on the golf course as well as in the air. Since the opening of the week with its balmy skies and genial days of sunshine, two or three open pits in and near the city have been much frequented by golfers. Early spring golf called forth the largest number of enthusiasts yesterday and to-day, many who are forced by circumstances to be idle these days having hunted out their sticks and taken themselves either to the Barre golf club's course on the Montpelier road or to the Mendon Brook links on Broad street. The Apris street driving park has been and is now a favorite resort for golfers and many are getting in form for the summer season by knocking the balls about the meadow enclosed by the driving track. A measure of snow remains on the golf course, at Charnock park, but there is ample grass growing even now for practicing the strokes.

Before Starting Huge Log Drive in the Connecticut.

White River Junction, March 25.—Preparations of the annual log drive down the White river by the American Realty company, successors to the Champlain Realty company, are complete, but the drive will not begin until there is a material rise of the river, the waters

of which to-day are very low. The current season's drive will consist of no less than 10,000,000 feet and in addition are near to 3,000,000 feet on the river banks in the town of Sharon, which after a two years' lodgment there will this season be sent with the main drive to Bellows Falls. In Granville alone is a single pile of logs that is said to contain 5,000,000 feet. It is the present plan of the corporation to have the White river drive precede its still larger Connecticut river drive.
